Dear Mr. Aquilina,

Re: NCUK International Foundation Year Programme

This is to confirm our agreement to collaborate and allow NCUK International Foundation Year students to submit an application to register for the following degrees offered by the University of Debrecen, Hungary in English:

- Business Administration and Management, BA
- Commerce and Marketing, BA

This is conditional on the successful completion of the programme including the core modules of Mathematics and English at Grade C or above. The final acceptance will be issued by the University of Debrecen (UD) in its sole discretion, however we have confirmation from UD that successful completion of the IFY programme satisfies UD admission conditions.

Should you require further information, please do not hesitate to contact the undersigned.

Yours faithfully

Dr. Laszlo Kozma

Dr. Laszlo Kozma
Program Director
