St Julians SWQ 3150

28 November 2016

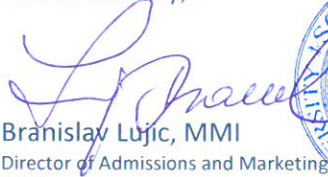

Dear Ms. Wismayer,

We would like to confirm that upon successfully completing the **NCUK International Foundation Year**, students will be eligible to apply for our bachelor programs. However, all students have to have high school diplomas beforehand and should meet our English language requirement. Currently, they are requested to have IELTS 6 or TOEFL 80 for bachelor programs. In addition, students should provide other supporting documents for admission required by the university.

The final decision on acceptance will be provided by the Schiller International University and it will maintain the sole discretion in accepting any students.

Should you require further information, please contact us.

Yours sincerely,

Branislav Lujic, MMI
Director of Admissions and Marketing
Schiller International University
